The person whose signature appears on Page 2 of this Addendum (also referred to herein as the "Undersigned," "you" and "your") hereby represents and warrants that he/she is the authorized agent of and signatory for the above named Customer; acknowledges that he/she has received and carefully reviewed the following Trailer Safety Rules; and agrees to abide by each of such rules at all times with respect to all trailers (each being hereinafter referred to as a "Trailer" or "Rented Item") rented at any time and from time to time from Valley Rental & Sales, Inc., a Pennsylvania corporation, (also referred to herein as "VRS," "Lessor," "we," "us," and "our") to such Customer. Accordingly, at all times during the term of each such rental, **the Undersigned shall:**

1. Ensure that each vehicle used to pull a Trailer has: (a) all necessary weight, traction, structural integrity, suspension, horsepower, brakes and braking power; (b) a proper, adequate, functional and non-defective bumper and hitch, both of which fully comply with all requirements of the applicable manufacturer(s), as well as all applicable laws, rules and regulations (including without limitation, all applicable Department of Transportation and Federal Motor Carrier Safety Administration requirements); and (c) adequate, properly connected, fully functional and legally compliant, lights, signals and wiring (including without limitation, brake lights and turn signals) to safely and properly pull, maneuver and stop the Trailer when fully loaded;
2. Check and ensure proper tire pressure and connections before each use and at least every 100 miles;
3. Properly secure the Trailer to each vehicle to be used to tow it, using all coupling mechanisms and safety chains provided, and in the manner specified, by the manufacturer (or if applicable, VRS), and re-check all connections before each use and at least every 100 miles;
4. Ensure that sixty percent (60%) of the load's weight is placed in the front half of the Trailer for stability. Note: If the Trailer sways or begins to jackknife, reduce speed gradually (**DO NOT APPLY EXCESSIVE PRESSURE TO BRAKES**), pull over and adjust the Trailer's load to move more of the weight to the front;
5. Ensure that the load placed in the Trailer **DOES NOT EXCEED THE MAXIMUM GROSS VEHICLE WEIGHT RATING, TOWING CAPACITY, OR THE MAXIMUM HITCH CAPACITY** for such Trailer (Note: Even small amounts of dirt, sand, rocks, etc., may be too heavy to haul);
6. Refrain from detaching the Trailer from any vehicle if/when the Trailer is parked other than on a flat surface and otherwise secured in a manner that ensures it will not roll, slide, turn or tip, **AND if the Trailer is to be attached to any vehicle other than the vehicle to which it was attached upon commencement of your rental at the VRS rental facility, you agree to FIRST contact, and obtain the approval of, VRS** (it being acknowledged that VRS may grant, condition or withhold such approval, and/or require you to first bring the trailer to VRS facility for disconnection and re-connection, in its sole and absolute discretion);
7. Apply brakes slowly and evenly when descending on grades and/or approaching stops;
8. Ensure that no articles placed in or on any Trailer extend beyond the rear of the Trailer;
9. Ensure that the ball coupler, if any, is not over-tightened, and is able to swivel freely while in use;
10. Carefully secure each load placed in or on the Trailer and ensure all ramps are up and locked before moving any Trailer;
11. Ensure that both sides of any vehicle used to tow the Trailer are equipped with adequate mirrors;
12. Ensure that all Trailer brakes, taillights and turn signals are connected, adequate and fully operational at all times;
13. Drive all vehicles used to tow the Trailer at a reasonable rate of speed given the terrain, traffic, load, height, vehicle size, weight, towing capacity, braking capacity, horsepower, weather conditions and surrounding circumstances;
14. Refrain from accelerating quickly and/or exceeding posted speed limits;
15. Comply with, and ensure any and all other user(s) of such Trailer comply with, any and all applicable **Electronic Logging Device** requirements (Note: Attachment of a Trailer to a Vehicle may result in exceeding the applicable weight threshold requiring such compliance);
16. Obey all traffic laws, rules, regulations, and ordinances at all times;
17. Allow extra time and distance for braking, stopping, turning, passing, and changing lanes;
18. Drive in the right lane whenever possible;
19. Never load cargo on the outside of the Trailer or allow any cargo to extend outside of the borders of the Trailer while in motion;
20. Protect (i.e., refrain from leaving the Trailer unattended) and maintain the Trailer at all times;
21. Never use any Trailer off-road or in any manner, location or circumstance which creates an unreasonable risk of loss, damage, seizure, or disabling (e.g., "booting") of/to the Trailer;
22. **UNLESS THE TRAILER(S) YOU ARE RENTING IS/ARE SPECIFICALLY DESIGNED FOR ONE OR MORE OF THE FOLLOWING USE(S), NEVER** place, store or transport in or on any Trailer(s) any: (a) persons, pets, livestock or other animals; (b) weapons, ammunition, drugs or alcohol; (c) trash, dirt or debris; (d) plants, perishables, food or food products; (e) flammable, corrosive, explosive or other potentially dangerous materials and/or substances; (f) medical waste and/or disease agents; (g) mercury, lead, lead-based paint or asbestos; (h) radioactive or otherwise contaminated substances; (i) other "hazardous substances," "hazardous materials," and/or "toxic substances" as defined in the Comprehensive Environmental Response, Compensation and Liability Act of 1980; the Hazardous Materials Transportation Act; the Resource Conservation and Recovery Act; the common law; and/or any state, local or federal laws, rules, regulations and/or orders pertaining to environmental, public health or welfare matters, as amended or supplemented from time to time; unless otherwise agreed by VRS in writing;
23. Discontinue using the Trailer and contact VRS immediately in the event of any accident, mishap, or discovery of any unsafe condition;
24. Carefully review and comply with all manufacturer(s)' instructions, all instructions and warnings as well as all oral instructions provided by VRS at all times; and
25. Cause all other persons using the Trailer to receive, carefully review and abide by these Trailer Safety Rules at all times.

YOU MUST COMPLY WITH ALL APPLICABLE LAWS, RULES, REGULATIONS (INCLUDING WITHOUT LIMITATION, DOT, FMCSA AND IFTA REQUIREMENTS) AND ORDINANCES AT ALL TIMES. USE OF ANY TRAILER FOR ANY PURPOSE OR IN ANY MANNER OTHER THAN FOR ITS INTENDED PURPOSE, AND AS SPECIFIED IN THIS ADDENDUM, OR CONTINUED USE OF ANY DEFECTIVE, DAMAGED OR MALFUNCTIONING TRAILER, MAY RESULT IN INJURY TO PERSONS OR PROPERTY, OR DEATH.
